

## Reopening Face-to-Face Meetings

Many in our SMART community are eager for local face-to-face meetings to resume. SMART Recovery's Board of Directors advises to continue local online meetings until your meeting place and participants have both clearly agreed to resume face-to-face meetings.

In resuming a meeting, please exercise caution and prudence, and observe all guidelines set by local governments and health departments.

To resume a Face-to-Face meeting:

- Submit a Meeting [Change Request Form](#)
- Answer **Question 21** regarding safety guidelines
  - Here is an example from a facilitator:
    - **MEETING NOTE:** Effective 5/30/20, meeting will resume in person. Limit of 10 participants per room. Additional rooms will be made available if capacity exceeds limit. Masks and 6' distancing are REQUIRED inside the building. Hand sanitizer is available.
- Your meeting will be marked as "RESUMED IN-PERSON" on the listings page, and the conditions/guidelines you submit will be posted in the meeting details.

The decision to resume face-to-face meetings is yours, as the meeting facilitator. Please consult your regular participants first, to ensure they are supportive.
